

Most commonly asked questions regarding our PVC Multi-Purpose Flooring

- 1. What applications is this product designed for?** Multi-Purpose tiles are designed for commercial/residential use in garages, workshops, showrooms, warehouses, retail stores, commercial/ home gyms, churches, schools, hospitals, offices, aircraft hangars, etc.
- 2. Can you park your car on the tiles?** Yes! Our Multi-Purpose tiles are specifically designed to support the weight of automobiles and other heavy objects. The structural integrity is derived from our patent pending design.
- 3. What tools are needed for installation?** No special tools are required. A soft mallet or hammer is recommended to tap the tiles in place. An electric jigsaw with a fine blade utility knife and straight edge allows trimming.
- 4. Are the floor tiles resistant to liquid spills?** Multi-Purpose tiles are resistant to most solvents and chemicals. (it is recommended that all spills are cleaned up immediately) Patented AirDry™ design allows trapped moisture to flow from underneath and evaporate.
- 5. Is there any special prep work required?** Sweeping or mopping floor prior to installation is recommended.
- 6. How do you finish the edges of the tiles?** Finished edging is compatible with the Multi-Purpose tiles.
- 7. Does the floor have anti-fatigue and anti-slip properties?** Good anti-slip and fatigue relieving properties, improving safety and productivity.
- 8. Does this floor provide insulation?** Multi-Purpose tiles provide excellent thermal and acoustic insulation.
- 9. Can we replace tiles that are worn or damaged or to change colour patterns?** Multi-Purpose tiles provide ultimate flexibility, allowing you to access and replace tiles in any part of the floor without having to pull up a section or the entire floor.
- 10. How do should we clean/maintain the product?** Clean with a damp mop using mild detergent and water.
- 11. Can the tiles be used outdoors?** Yes, however even though our Multi-Purpose tiles are infused with a UV-inhibitor prolonged sun exposure can cause colour fading.
- 12. Is there any Latex contained in this product?** No there is no latex.
- 13. Are these tiles rated for children's play areas?** The purchaser should pay special attention to all codes, laws, specifications and ratings for products specifically used in play areas, playgrounds, and other recreational uses where the safety of children and others are concerned. This product is **not** rated for outdoor playground use.
- 14. What is the fire rating for this product?** The fire ratings are as follows:
TECHNICAL SPECIFICATION STANDARD UNIT OF MEASUREMENT Multi-Purpose Flooring
Flame Spread DIN51960 A/NFPA 235 1995 Critical Rad Flux Class 1
Fire Resistance NSI/ASTM E648 979 Ohms Class 1
- 16. What is the Multi-Purpose flooring made of?** Raw material composition consists of a proprietary blend of PVC and other polymers to provide specific performance characteristics.
- 17. Is this product safe for children to play on?** This product has been tested using standard child safety testing for children's toys.
ASTM 963-96a Title16
CFR part 1500.50
Standard Safety Protection for Children's products
- 19. What size are the tiles and how much area does a box cover?** Tile Size = 465mm x 465mm. Coverage Area = 465mm x 455mm = 0.211575 m². Tiles per m² = 4.72 and 4.23m² per box 20 tiles.
