

Ulti MATE

FULLY MODULAR / EXPANDABLE DESIGN

>> ULTRA STRONG, ULTRA PROFESSIONAL

The UltiMATE Workshop range is built for the toughest situations and offers strength, durability and adjustability. With workbenches rated for 1 ton (1,000kg), individual storage shelves rated for 150kg and drawers rated for 100kg, we've got you covered.

WORKSTATIONS

TOOL STORAGE

CABINETS

Strength comes from reinforced thick heavy duty steel which is powder coated to a beautiful finish.

The modular design to the range means you can build a workspace environment perfect to your specific needs, or you can start small, perhaps with just a garage workbench, and extend over time.

Will stand up to the toughest workshop as well as looking stylish in any garage. We're confident you won't find better value.
